Maximising Your Equipment Performance with Expert Support

At TBS, our Aftermarket Services are designed to provide strategic customer relationships and support, ensuring your equipment operates at peak efficiency.

Why Choose TBS Aftermarket Services?

With our comprehensive service offerings and expert team, we aim to maximise your equipment's performance and lifespan along with these key benefits:

Dedicated Account Management

Our dedicated Account Management Team fosters strong customer relationships, aligning our services with your business goals and company values.

Efficient Stocking Program

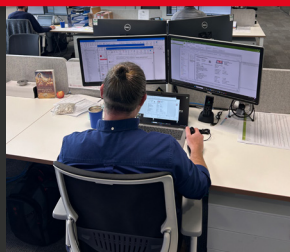

Our three-tier stocking program minimises downtime and ensures you have the parts you need when you need them.

Strategic Support Centres

Located globally to reduce logistical challenges and provide timely support wherever you are.

TBS Customer Portal

Order parts with ease directly through our user-friendly portal for quick and hassle-free service.

/ COMPREHENSIVE SERVICE OFFERINGS:

Our expert team provides a full range of services to keep your TBS equipment running smoothly and efficiently.

- ✓ **Machine Surveys & Regular Health Checks:**
Regular assessments to identify potential issues before they escalate, ensuring optimal performance.
- ✓ **Operational Efficiency Assessments:**
Detailed evaluations to enhance your production processes and improve overall efficiency.
- ✓ **Operator & Maintenance Training:**
Comprehensive bespoke training programs to equip your team with the necessary skills to maintain and operate TBS equipment effectively.
- ✓ **Refurbishments & Upgrades:**
Extend the life of your machinery and enhance its capabilities with our professional refurbishment and upgrade services.
- ✓ **Technical Support:**
Our skilled technicians are available for on-site visits to address any issues and ensure your equipment is back up and running quickly.

Speak To Our Experts...
